

Affordable health coverage. Quality care.

If you need help finding or keeping your housing, you may be eligible **FREE** help from the NJ FamilyCare Housing Supports Program

What is the Housing Supports Program?

The program helps people of all ages with NJ FamilyCare (Medicaid) who have a housing need and a health condition connect to a housing agency to:

- Find a place to live
- Move into housing
- Stay in your housing
- Make changes to your housing to improve your health

Who can get these services?

People of all ages who have these three things:

- 1) NJ FamilyCare (Medicaid)
- 2) A health condition
- 3) A housing need

What is a health condition? These include but are not limited to -

- Heart disease, cancer, diabetes, or kidney problems
- Mental health issues
- Substance use disorder
- Pregnancy
- Developmental disabilities
- Repeat hospital visits or emergency room use

What is a housing need? These include but are not limited to -

- You are homeless
- You may lose your housing soon
- You are at risk of going into a nursing home or institution because of your housing
- You are leaving a nursing home or a mental health or addiction treatment program
- You were recently in jail or prison

Does the program pay for rent?

The program does not pay your rent, but it can help you find resources to pay your rent or find a more affordable place to live.
