

# NJ FamilyCare Housing Supports Program: [New] CSH New Jersey HSP Budgeting Tool

February 18, 2026

# Housekeeping

- Please drop your name, organization and role into the chat
- Use the Raise Hand function and we will invite you to come off mute during Q&A

**Regional Health Hubs (RHHs) play an important role supporting DMAHS in key initiatives such as the NJ FamilyCare Housing Supports Program.**

**Camden Coalition will:**

- Deliver and curate a training series to support program roll-out
- Serve as a “help line” for providers to field/answer questions and troubleshoot issues through the process
- Liaise between the state, MCOs, and providers to support implementation

**All RHHs will:**

- Promote the program to recruit a robust network of providers within their regions
- Conduct member/community engagement to inform successful roll-out

# Updates & Reminders

# Important details about the Housing Supports Program Provider Directory

- Providers who have at least one contract **AND** submitted a provider survey are listed in the directory
- This is accessible to MCOs, referring providers, and members
- Serves as a tool to list specific details about your organization – like eligibility criteria, counties served, contact information, and operating hours – to ensure the right referral is sent to you
- Once your profile is claimed, you have the power to update your provider profile as needed
- **Link:** <https://bit.ly/njhsp-providers>

## NEW WEBPAGE FOR PROMOTIONAL MATERIALS

# The new HSP Outreach Toolkit (link [here](#))

The screenshot shows the homepage of the NJ FamilyCare Housing Supports Program outreach toolkit. At the top left is the Camden Coalition logo. The navigation menu includes: About us, How we work, Resource library, Get connected, and Events & opportunities. The main heading reads "NJ FamilyCare Housing Supports Program outreach toolkit". Below this are three menu items: Program overview, Promotional materials, and Customizable materials for providers. The main content area features a welcome message: "Welcome to the NJ FamilyCare Housing Supports Program outreach toolkit!". It explains that the toolkit includes flyers and fact sheets in multiple languages to help spread the word about the new NJ FamilyCare (Medicaid) benefit. A "Background" section states that beginning in July 2025, New Jersey residents enrolled in NJ FamilyCare (Medicaid) can start using their insurance to get housing services. It also mentions that the Camden Coalition is working with the state's Division of Medical Assistance and Human Services (DMAHS) to raise awareness. A section titled "What is the Housing Supports Program?" explains that the program helps NJ FamilyCare (Medicaid) members of all ages who have both a housing need and a health condition.

Spanish

**Si necesita ayuda para encontrar vivienda o conservarla, puede ser elegible para recibir ayuda **GRATUITA** del Programa de Apoyos para la Vivienda de NJ FamilyCare**

#### ¿Qué es el Programa de Apoyos para la Vivienda?

El programa ayuda a que las personas de todas las edades con NJ FamilyCare (Medicaid) que tengan necesidades relacionadas con la vivienda y una afección médica se conecten con una agencia de vivienda para:

- Encontrar un lugar en donde vivir.
- Mudarse a una vivienda.
- Quedarse en su vivienda.
- Hacer cambios en su vivienda para mejorar su salud.

#### ¿Quién puede obtener estos servicios?

Personas de todas las edades que cumplan con los siguientes tres requisitos:

- 1) Tener NJ FamilyCare (Medicaid).
- 2) Tener una afección médica.
- 3) Tener una necesidad relacionada con la vivienda.

The screenshot shows the Camden Coalition website's "Promotional materials" section. The navigation menu includes: About us, How we work, Resource library, Get connected, and Events & opportunities. The section title is "Promotional materials". The text explains that the materials below help ensure that all eligible NJ FamilyCare (Medicaid) members learn about and can access these housing services. It notes that each flyer has English on one side and a different language on the other for flexibility. A "Materials by language" list includes: Arabic, Chinese, English, Gujarati, Haitian Creole, Korean, Portuguese, Russian, Spanish, Tagalog, and Vietnamese. At the bottom, it states that organizations delivering Housing Support Services can modify the customizable flyer to promote their services by adding their agency name, contact information, and more. A button at the bottom right says "Access the Canva editable documents".

**Q: When the child is the authorized member, how does this impact what providers record in HMIS?**

**Answer:**

- If the child in a household is the authorized member for Tenancy Services, providers should list the adult as the head of household in HMIS but use the child's information when documenting touchpoints in the Contact Log.
- Note: All touchpoints are logged in the Contact Log section of HMIS, NOT the Progress Notes section.

# Next steps

- Next Office Hours is March 4 from 1 – 2:30 pm.
- Bookmark the Housing Supports webpage [here](#).
- Sign up for our Housing Supports Program newsletter [here](#).
- Use our Help Desk Inquiry Form to ask your questions and get timely support [here](#).

# About **CSH**

CSH collaborates to advance solutions that use housing as a platform for services to improve the lives of the most vulnerable people, maximize public resources and build healthy communities.

# Services Budget Tool

- The Supportive Housing Services Budget Tool (SBT) is a tool that has been adapted in communities across the country that have expanded housing supports through Medicaid, like the HSP.
- It can be used to estimate costs and revenue that can be generated through participation in the HSP

## What is it?

# SBT Development

- CSH and Camden Coalition coordinated to adapt the tool and an accompanying manual specifically to NJ Housing Supports Program.
- Tool was tested by two providers who gave feedback directly to CSH
- All feedback was incorporated prior to posting final versions on the Camden Coalition website
- This session will be recorded to help future users access guidance

# Today's Session

- CSH will walk through each sheet and section of the tool, leaving the slide deck and sharing the tool itself
- CSH will utilize a sample budget created to test the tool to fill in cells in real time and demonstrate functionality
- Sample data are consistent with screenshots in the manual
- Time will be budgeted at the end of the session for questions and answers
- Time for Providers who helped test the drafted tool to give feedback on their experience
